ON TAP:

CHAPTER ONE 5.4 % ABV - 25 IBU - 7.4 SRM

Chapter One is a wonderfully refreshing Hackensack Pale Ale. It is lightly hopped and slightly sweet, with a hint of lemon and floral notes. Chapter One finishes clean and leaves you wanting one more glass...

* **JUMP IN THE LAKE** 5.6% ABV - 30 IBU - 6 SRM

Just in time for Back to Hack... a light and refreshing Hackensack Pale Ale. With its light color, it may remind you of a lager beer. It is very refreshing – and a great way to warm up after a jump in the lake.

STARRY WAN 4.5 % ABV - 23 IBU - 5 SRM

An out of this world refreshing beer. Soaring to great heights, one taste will rocket your buds to the moon and back. This one is lightly hopped with one of our favorite hops from New Zealand. Some will taste a mix of stone fruit with a peppery twist. A great place to start for non-beer drinkers. Flavored entirely with malt & hops... no fruit juice in this beer!

BLONDEZVOUS 4.1% ABV - 18 IBU - 4 SRM

Just in time for the end of summer... a light and refreshing blonde ale. Summer isn't over until WE say it's over (or sometimes it is the first foot of snow). With its light golden color, it may remind you of a lager beer. It is brewed using Saaz hops from the Czech Republic, which have a distinctive peppery kick with an almost herbal earthy undertone. This may become your favorite summer beer.

Lighter

CLOUD ILLUSIONS 7.7 % ABV - 51 IBU - 5 SRM

A Hazy New England style IPA. Double dry hopped with Citra, Mosaic and Amarillo. Tastes like drinking a glass of fresh squeezed juice! Loads of citrus flavor with mango and apricot from the hops. With a little sweetness from the malt. This one drinks very clean with a bit of bitterness at the end.

RENDEZBREW JALAPENO 6.2 % ABV - 47 IBU - 12.5 SRM

India Pale Ale... Also known as IPA. Spicy with a little kick from fresh jalapenos. It has an aromatic character that will tingle on your tongue. This beer has a medium body with a malt backbone to balance out the hops. Small batch brewed and the first beer in our Ring of Fire Series!

* **PAUL'S BEST** 5.5 % ABV - 36 IBU - 12 SRM

Back by popular demand!! An Extra Pale Ale... and now we know the real reason why Paul Bunyan hung around Hackensack. This beer sings with Centennial hops. Lots and lots of them. You might say there is an extra hop in there. Or the extra amber color, with more flavor than a pale ale. Medium body with a malt backbone to balance out the hops. Very crushable and yummy.

Hoppier

BIG IVAN 10.2% ABV - 83 IBU - 56 SRM

Big Ivan is a Russian Imperial Stout – an intensely flavored strong dark stout beer. This beer is the reason we designed our brewhouse the way we did. Over 700 pounds of grain in this monster – and just the strongest wort from the batch was used. RIS were first brewed in England for Emperor Peter the Great of Russia in the late 1700s. We hope you enjoy our Big Ivan – brewing it took 16 hours!

LITTLE IVAN 5.6% ABV - 83 IBU - 45 SRM

Little Ivan is an American Stout – and brewed by daisy-chaining the grain from Big Ivan, and part of our 16 hour brew day for both beers. It reminds us of a stronger version of Smilin' Eyes. You might taste dark stone fruit along with the coffee and chocolate flavors. We aggressively hopped this in the American Stout style.

FALLING MOON 5.6% ABV - 25 IBU - 38 SRM

Falling Moon is an Oatmeal Stout – just in time for fall as we settle in for the long nights ahead. This beer will warm you up from inside with its rich, dark and roasty flavors. It is slightly sweet, with coffee and a hint of chocolate as it rolls over your tongue. This is a great early afternoon or a late-night-sitting-around-the-campfire beer. Dreaming of a Falling Moon is supposed to bring good fortune!

Darker

WELL RED 6.6 % ABV - 60 IBU - 17.4 SRM

A Red IPA? What's that? Well... it's Red. And stronger than a Red Ale or Amber Ale. And very hoppy. And very hoppy like an American IPA. But with a medium-dark malt background. You might taste caramel or toffee and dark fruit on the finish. But is an IPA! This is a strong beer. For lovers of strong beer. For Fall. And Winter. And for IPA lovers. Many will love this beer!
